Dear Merchant Partner,

This is with respect to your request for integrating our test Payment Gateway application with your test application transactions. Basis

your inputs received in the duly filled Merchant Integration Questionnaire, we hereby share with you the following

Pls note that Credit Card Txns / Debit Card Txns are mapped to our test environment. However, Since we are not
Option(s) it is configured in Live Environment & the account will be debited on real time basis.

Currently, we have all the pre-approved banks configured on the same, rest of the banks will be configured before

Test Card Details

VISA CREDIT CARD

Failed card details

VISA CREDIT CARD

Card No:4012 0010 3714 1112
Exp:12/2020
CVV:123

4111 1111 1111 1111
Exp:12/2020
CVV:123

(See attached file: Merchant details.zip)(See attached file: Cheklist1.odt)

Request you to refer the attached integration document & start the integration at your end.

Pls feel free to call us incase of any technical support between 09:00 am to 09:00 pm (Monday to Saturday).

Note:we can't support Shoptimize Kit.

Password for excel is shared in separate mail.

Kindly download the required integration kit from below Link

<https://github.com/payu-india>.

Request you to implement the status API and find the below document for same.

(See attached file: verify_payment.net)

NOTE:-

- Request you to complete the testing within 10 days.
-
- Iframe will not support for card & Net Banking txn. Request you to do not integrate using Iframe technology in production environment.
-
- As per HDFC Bank's Ecom Security Policy, all Payment Gateway merchant's have to use all the five UDF - UDF fields will help you to trace any transaction, and more importantly avoid fraudulent transactions from
- Kindly share the screenshots for success and failure transactions from start to end.

Please find the below parameters.

PAYU	
UDF1	Product Info
